**PUBLISHED BY THE**  
**WOODHILL FALLOW MANAGEMENT COUNCIL INC.**

# **2011 Chairman's Report**

This was my first season as Chairman after Garth Johnson stepped down, I would like to acknowledge all his good work as Chairman over the last few years. Garth is staying on the committee so we will continue to benefit from his experience with the Woodhill forest. I would also like to thank all the other committee members for their hard work during the year to make 2011 another successful season.

The season presented the usual challenges; including poaching and a minority of hunters not wanting to follow all the rules. The vast majority of hunters enjoyed good hunting and even if they didn't end up with a deer most got pleasure from watching animals and some enjoyed a good blowout.

The Woodhill committee works closely with the police in relation to poaching and several poachers were caught this year due to this cooperation. In addition the Police are taking a much more active role in tackling poaching across the country. During the year in Woodhill they had several operations which resulted in many arrests for illegal activity in the forest with the use of firearms. There are severe penalties for poaching offences; including criminal conviction, loss of firearms licenses as well as financial penalties.

We are still getting large numbers of people not taking the time to read all the information we send out, not only for the ballot applications but also for successful applicants and their nominated hunting companions. Please ensure you have read the forms thoroughly, filled out all the required details and sign where required.

This year the Application Fee has moved from \$25.00 to \$30.00 due to increased costs to run the hunting ballot. If you are successful in the 2012 ballot good luck for your hunt.

Ross Tindale  
Chairman

**If you have been successful in the ballot it is your responsibility as the principal permit holder to make sure that you and your companions have;**

- Read the rules**
- Have a map of the block**
- Are wearing a blaze orange hunting vest**
- Have a firearms licence on their person while hunting**

# **Poaching in Woodhill Forest**

**Persons caught illegally hunting in the forest  
will be prosecuted, penalties include;**

**Criminal Conviction**

**Loss of Firearms License**

**Financial costs**

**If you are thinking of poaching be aware that  
it's not worth the risk !!!**

## **2011 Hunting Results**

The number of deer taken at Woodhill Forest during the 2011 hunting season was:

Bucks	19
Does	47
Pigs	11
Total Harvested	77

## **Patrols Report**

Last season went off pretty well from a patrol point of view with no great dramas. Most hunters had an enjoyable hunt and followed the Woodhull rules. However a small minority still turn up with no orange vest or with a yellow one. When questioned why the answer is invariably “I didn’t know”. In other words “Didn’t read the conditions of the permit” To all principal permit holders – Please ensure all your hunting party has read the conditions of the permit before turning up. It makes it a lot easier for the patrol persons when everyone is aware of how the system works. Motor bikes continue to be a problem on some of the blocks and also to a lesser degree 4x4s. Any details you can supply to the patrol will be forwarded to the forest owners and acted on.

A reminder about water. There is virtually no drinkable water on any of the hunting blocks so always carry a good supply. The salt air and the dry sandy conditions can result in some very thirsty hunters. Being dehydrated doesn’t help with one’s concentration. Many a litre of water has been transferred from the back of a patrol vehicle to a thirsty hunter’s throat.

Good luck in the ballot for 2012.

B Witton

Unrecovered Trophy Found

### **Special Thanks**

The Woodhill Fallow Management Council would like to thank **Hancock Forest Management Limited** for accommodating the Woodhill ballot within an operational forest.

## **Woodhill Moments**

Doug Sommerville and Doe

Luke Houghton with his doe and ready for carry out

## **Hunter Safety: A timely reminder**

The following rules are easily recognisable to Hunters who take advantage of the hunting opportunities the Woodhill Fallow herd provides through the W.F.M.C hunting ballot.

After all, every hunter has had to apply for a firearms license and learn the seven basic rules of firearms safety.

**Rule 1: Treat every firearm as loaded**

**Rule 2: Always point firearms in a safe direction**

**Rule 3: Load a firearm only when ready to fire**

**Rule 4: Identify your target beyond all doubt**

**Rule 5: Check your firing zone**

**Rule 6: Store firearms and ammunition safely**

**Rule 7: Avoid alcohol and drugs when handling firearms**

Previously the following actions have been observed and reported by the patrols:

### **1. Hunters failing to correctly identify their target beyond all doubt.**

The council has had to deal with a number of hunters who failed to comply with their permits and shot the incorrect animal.

### **2. Always point firearms in a safe direction**

Please don't use a rifle mounted telescopic sight to

- A. Check out your hunting companions
- B. Check out the patrols driving the roads
- C. Check out the hunters on adjacent blocks

A small pair of binoculars doesn't add too much weight to your daypack and will increase your chances of success.

### **3. Load a firearm only when ready to fire.**

When approached by a patrol, or anyone else, all hunters should empty the breech and leave the bolt or action open. While the patrols will assist you in returning to your car, hopefully after a successful hunt, or stop and provide advice if needed, it is not unusual to have to ask hunters to unload their rifles before entering the patrol vehicle.

#### **Sobering thought**

(Yes you can try this at home)

Take a 1-pound lead ball (500g to you young fella's) in your right hand. Rest your left hand palm down on the kitchen sink and drop the ball onto the back of your hand from a distance of 1 foot (approx 30cm). After trying this and while being driven to the doctor consider this. You have just experienced the equivalent of 1 fpe (foot pound of energy) to the back of your hand.

A typical 222cal bullet has over 1000 fpe at the muzzle and a 270 cal bullet has over 2600fpe.

(PS. Suggest you don't try this just before your balloted days hunting)

#### **The W.F.M.C. Balloted hunting has an impeccable safety record.**

**This is as much due to you the hunter as to the efforts of the committee.**

**Let's keep it that way.**

#### **RULES FOR WOODHILL BALLOT**

- ~ Hi Viz blaze orange vest must be worn on top at all times, regardless of what else is being worn.
- ~ No smoking in Forest
- ~ Replacement of hunter on permit, only on acceptance date.
- ~ All hunters to sign indemnity clause.
- ~ One hunt per hunter each year.
- ~ Firearms license must be current and carried while hunting
- ~ Vehicles to have current W.O.F. and registration when entering forest
- ~ No camping in forest or access roads.
- ~ No shotguns, rimfire firearms or rifle suppressors
- ~ Successful applicants notified by mail.
- ~ Permits must be displayed on dashboard of vehicles

## **Hunter Contributions**

Cheers for the chance to win a ballot this year. It was my first ballot so I feel very lucky to have won a place. I had a great day out with my hunting buddy Shawn, who was the eyes of the operation. We were lucky enough to see plenty of action over our day; we covered a good part of our block. We spotted and ran into the odd hind, spiker and yearling. At about 3.30 pm with Shawn spotting a doe from a mile away, we were on!

So, first year in the ballot, first wild deer under my belt, I could not be more stoked. I'm already looking forward to next year. You guys do an awesome job of tending the herd and keeping out the baddies, keep it up otherwise these opportunities won't be. Thanks you until next time.

### **Gareth Carter**

Thanks again , I was very impressed with your whole operation.

### **Dave Burchett**

## **TAKE A KID HUNTING REPORT**

2011 TAKH day was the sixth such event and it's continued success means it's firmly entrenched in the calendar.

Informative talks by Mark Nobile on hunting techniques and some interesting information on the herd kept the kids interested .

This year the Helensville Police attended and spoke on firearms, licensing, safety and also on Poaching. Safety continues to be a big focus for the committee and each TAKH day includes a firearms safety briefing.

Legal firearms ownership was discussed and a discussion on the consequences of poaching on herd dynamics as well as legal consequences if caught was also highlighted.

. The Council would like to take this opportunity to thank Mike and Delwyn Shepherd of Westgate Hunting and Fishing for their very generous sole sponsorship which was greatly appreciated by the committee and recipients. Rick Linton for his talk as a hunting accident survivor. Thanks also goes to Hancock's Forest Management Ltd for helping make this all happen through their hunting lease. A big thank you goes to the Helensville police for their presentation and continued interest and assistance to the committee.

A further thanks goes to the members of the committee who once again gave generously of their time and knowledge to ensure that the day was the success it was.

Ross Tindale  
Chairman

## **TAKE A KID HUNTING CONTRIBUTION**

Firstly a big thank you to the WFMC team for the opportunity to hunt Woodhill. Please find Kill return and map of block showing kill location and sightings. The morning was very informative and very well managed. Kyal and myself had a most enjoyable day, the highlight for him was getting an animal, it sure made the five hour drive from Taranaki worth it. Great to be able to put some faces to names as well.

Thanks again

### **Shayne and Kyal Batchelor**

Thank you very much for an awesome day hinting! I had a great day and can't wait to come back some day to get a deer!!!!

### **Kelsey Ferris**
